TRAVELLER’S GUIDE
BRINGING MEDICATION INTO MALAYSIA

There are rules about bringing medicines and cosmetics into Malaysia. In Malaysia, pharmaceutical products including vitamins & health supplements are controlled under the Poisons Act 1952, the Dangerous Drugs Act 1952, the Sale of Drugs Act 1952 and the Control of Drugs and Cosmetics Regulations 1984.

Only pharmaceutical product inclusive vitamins and health supplements which is registered with the Drug Control Authority, Ministry of Health Malaysia (MOH) and notified cosmetic with MOH is allowed to be imported and the importation shall be done by an importer who is licensed to import such product or the notification holder for the notified cosmetics. Kindly check the registration or notification status for pharmaceutical products or cosmetics in Malaysia under ‘Products Search’ at http://www.npra.moh.gov.my.

Upon conviction of any offences regarding importation of unregistered products or un-notified cosmetics/ importation without import licence or not by the authorized holder, the convicted offender shall be liable to a fine not exceeding RM 25,000 or imprisonment not exceeding three (3) years or both.

Bringing Medication into Malaysia for Personal Use

International visitors and any person returning from overseas can bring in medicines for personal use based on requirement of the Acts & Regulations mentioned above. Any person entering Malaysia is allow to carry their medicines with them for their own personal use or the use by an immediate family member who is travelling with them. Related Acts & Regulations are:

i) Section 25 Dangerous Drugs Act 1952
ii) Section 8(2) Poisons Act 1952
iii) Regulation 4(2)(a) Poisons (Psychotropic Substances) Regulations 1989
iv) Regulation 7(3) Control of Drugs and Cosmetics Regulations 1984
v) Regulation 18A(1) Control of Drugs and Cosmetics Regulations 1984

The requirements of the Acts & Regulations are:

1. Medicines including vitamins and health supplement bringing into Malaysia only for your own personal use or for one of your family members shall not exceeding such quantities as may be reasonably required for one (1) month’s use by one (1) person only. The amount of permissible quantity for one (1) month supply will be determined according to the medication dosage label.

2. Prescription medicines containing dangerous drugs such as cannabis or narcotic based medication which may be subject to abuse, misuse or dependence need to be declared at the border on arrival.

3. For prescription medicines controlled under the Dangerous Drugs Act 1952 and the Poisons (Psychotropic Substances) Regulations 1989, please bring along the valid prescription or a letter from your doctor. A valid prescription should be written in English, or if not, accompanied by a translation. It should be outlined with the name of the medicine and the dosage you require and the quantity you are bringing with you.

Please follow these simple rules to facilitate the entrance process at the border:

1. For prescription medicines controlled under the Poisons Act 1952, please show the valid prescription or a letter from your doctor to the customs/pharmacy enforcement officer upon arrival to ease the clearance. A valid prescription should be written in English, or if not, accompanied by a translation. It should outline the name of the medicine and the dosage you require and the quantity you are bringing with you.

2. Please keep the dispensing label and the original packaging for your medicines intact so they can be easily identified.

3. Do not bring medicines into Malaysia for anyone other than for your own personal use or an immediate family member who is travelling with you.

4. If you are residing or visiting Malaysia for more than one (1) month and require ongoing medications, you should visit a registered doctor in Malaysia to obtain your prescriptions.

5. You should enquire about the import procedures before you arrive in Malaysia.

6. Any query, please email to pelesenanbpf@moh.gov.my or contact +603- 7841 3200/3320.
